SINDABEZI
Island Camp

SINDABEZI ISLAND

Livingstone, Zambia

LIVINGSTONE

Sindabezi Island, is located in the Zamebzi River just a few kilometers downriver from Tongabezi and upriver from the Victoria Falls

“Magical stay. Sindabezi Island was heaven on earth. From the milky way and twinkle stars at night. To the breathtaking sunset. I enjoyed every moment.”

- Christina M, Trip Advisor Review

Capturing the authentic African bush camp experience in true Tongabezi luxury and style, Sindabezi Island is ‘nature therapy’ for the soul.

Enjoy views of the Zambezi River floodplain and Victoria Falls National Park from your open-fronted Chalet, knowing your only neighbours are the resident wildlife. Quiet hang-out spots and the main camp beckon you to unwind amidst the tranquillity of this tiny isle, just 12km upstream from Victoria Falls.

With zero grid dependence, Sindabezi is one of Africa’s top 10 eco lodges according to Fodor’s. So the only footprints you will leave behind are in the island’s silky soft sand.

AT A GLANCE

LOCATION	Tongabezi is ideally located on a sweeping bend, upstream from Victoria Falls in Zambia.
GPS	17.8432° S, 25.7115° E
AIR ACCESS	Several airlines have regional flights to Livingstone, Zambia (approximately 25 minutes by road) Victoria Falls, Zimbabwe (about 75 minutes by road) Kasane, Botswana (about 90 minutes by road and boat) Please contact Tongabezi to arrange a transfer.
VISA	Most passports require a visa – these can be obtained in advance or arrival at the airport.
CURRENCY	Zambia Kwacha (ZMW). USD cash widely accepted in Zambia.
SEASONS	Summer (August to April) - October is particularly hot. Rains (November to March) Winter (May to August) - Warm days with cool evenings and mornings. Warm clothing is recommended.
MALARIA	Please consult your doctor for recommended prophylactics, as Malawi is a malaria region. Kaya Mawa test regularly for Bilharzia and results have proven clear.
YELLOW FEVER	No longer needed to transit through SA.

WHAT SETS US APART?

Apart from the fact that Tongabezi is one of the longest standing lodges in Livingstone. It's home is upstream from a world wonder.

Guests don't only experience the Mosi-Oa-Tunya with us, they experience true luxury on the banks of the Zambezi river.

Guests can enjoy their stay with us knowing that they are contributing to a team that works hard to uplift our community from helping the environment by engaging in farming and reforestation activities to assisting the community through the means of education.

- **Rhino Walk** - a walking safari in Mosi-oa-Tunya National Park

Green Safaris was born out of a deep connection with Africa's untouched wild spaces and the wildlife and communities that call them home.

This passion drives our commitment to conservation, empowerment and sustainability in every aspect of Green Safaris. We see our properties in Zambia and Malawi as a means to that end, allowing us to offer an authentic experience for you and those you meet along the way. Each property supports at least one conservation or environment initiative and one community project.

DOING GOOD

TONGABEZI TRUST SCHOOL

The Tongabezi Trust School's other name, Tujatane means 'let us all hold hands together' and this little school, born in 1996, would not have been possible without supportive hands reaching out from all over the world to help.

The school is run entirely on donations, mostly from Tongabezi guests. All guests are invited to visit, engage with, and learn from our 280 bright, talented students, all who receive a free education and nutritious meals at Tujatane. In fact, if you are only going to do one happy thing during your stay at Tongabezi, we'd suggest it is a tour of this school.

TWAABANE CREATIVE CENTRE

The Twaabane Creative Centre is a brand-new project for the Tongabezi Trust School Team, and they'd love the chance to show you what it is all about.

This colourful, happy space is designed to share creative, artisanal, and practical skills to not only the children but also the adults in our Simonga Community. If you are new to sewing or sustainable farming, come and join a class! If you have skills of your own to impart, let us know in advance if you'd like to hold a lesson.

MKUNI COMMUNITY FARM

Come and explore some of our 1,200 hectares of sweetveld, which is rapidly becoming a fully sustainable, organic community-run farm.

Our team absolutely loves to teach travellers about their sustainable farming techniques, from alley cropping to grazing rotation and even to the home-made fertiliser and pesticide they use. You can personally compare their farming techniques with nearby traditional farming methods. See as the community begins to adopt methods that are not only cheaper and better for the environment, but also provide more growth.

TONGABEZI REFORESTATION PROJECT

Reforestation is vital in Southern Africa where so many people depend on coal to cook, clean and keep warm.

Whilst we are working to replace coal stoves with sustainable grass and stick-fuelled ones, our Green Team is also hard at work replacing the trees that have been cut down. Come and visit our nursery and see all of the indigenous and fruit-bearing trees getting ready to create shade, nutrition, and be a wonderful carbon-offset for our community.

SIMONGA VILLAGE

The tours within Simonga Village provide a joyous opportunity for guests to learn, engage and share stories with our wonderful community.

One of our local team will lead the tour, which is conducted in a respectful manner, and will introduce you to people who they know are happy to chat with the group. We encourage you to take the time to get to know the people you meet and to listen to the stories that they have to tell. This is an unforgettable way to experience a small slice of local Zambian life.
