PILATUS PC 12 NGX -
FLIGHT INFORMATION

FLIGHT INFORMATION

Please Note:

Seasonal Flight Considerations

The routes highlighted in **blue** vary based on passenger numbers and weight limits, which can change depending on the season. During winter, stronger winds mean the aircraft requires more fuel for the route from Victoria Falls to Cape Town, resulting in a longer flight time.

Baggage Allowance Guidelines

Baggage allowance is linked to the number of passengers:

- If passenger numbers are lower than 8 pax, the baggage limit can increase to a maximum of 15kg (33lbs).
- If there are only 2 to 4 passengers on board, baggage allowance may go up to 30kg (66lbs).
- All passengers must use soft bags.

Passenger Details for Planning

When confirming how many guests are travelling, please request a breakdown by gender and age group (male/female/children). A child is considered anyone between 2 and 12 years old. This information is important for flight planning and may impact the aircraft's range.

Flights Between Zimbabwe and East Africa

For routes between Zimbabwe and East Africa, special planning is required due to the long distances. As a general rule, 4 passengers with 15kg (33lbs) of luggage each should be acceptable—though this may vary depending on the specific route.

Flights from Victoria Falls International Airport

FROM	ICAO CODE	TO	ICAO CODE	FLT TIME	Max Passengers	Max Bag Weight	Max Bag Weight
Victoria Falls	FVFA	Harare	FVRG	1 h 25	8	12 kg	26 lbs
